# Springtime REVIVAL

**We were inspired to create The Great Shorthorn Revival in 2001  
on a sale weekend trip with Clint Tomson, age 92 at that time.**

Clint was a Shorthorn man from birth, an international show judge, salesman extraordinaire, and he served as Executive Secretary of American Shorthorn Association from 1941 to 1951. He left the association to join his boyhood Shorthorn friend Frank Harding, and Frank's father F.W. Harding, in forming American Live Stock Insurance Co., but Clint never left behind his love for the breed he helped make great.

Steve kicked off two days of discussion with a great question that had perplexed him for some time, "Clint, how are we going to get Shorthorn breeders to focus again on the cow families that made the breed great?"

Without hesitation, Clint held forth with a marketing lesson like none we'd ever had. He started with, "Steve, you're going to have to create an **ECONOMIC OPPORTUNITY**. You can't just tell people the cow families are important. You have to show them! And show them right in their pocketbook, where it counts the most!"

**It is our privilege to launch the 25th year of Revival Sales  
and we will be honored for you to join us on-site or online!**

**Presenting...**

**The greatest variety of desirable, marketable genetics  
from proven cow families on the Shorthorn scene today.**

**A wide range of Shorthorn investment options  
that will improve your herd, and increase in value.**

**An opportunity to see the results of cutting edge  
genetics to help make future mating decisions.**

**A networking event to create profitable connections  
with leading breeders and marketing agents.**

**A fun and memorable experience, with good cattle  
and good people, that you and your family will enjoy!**

This Together!*

**LOT 1**

*Mirage  
808*

**REVIVAL  
SUCCESS STORY**

The Third Dam of Lot 1 was offered as a Choice Lot by Alden Farms in the 2003 Revival Sale. LCCC won the bid and our pick was AF SL Mirage 336 (Trump x NPS Mirage 544). I mated 336 to Rodeo Drive and she produced Little Cedar Mirage 808 ET, 2009 National Junior Shorthorn Show Grand Champion. We greatly appreciate the efforts of the Winegardner Family!

**LOT 1A**

**\* You read the origin story of Mirage 336 and Mirage 808 on page 2. Now, for Mirage 1414...**

*I really liked Jerry Lorenz's Big Daddy Jazz when I saw him at Louisville, imagining mating him to the Rodeo Drive daughter Mirage 808.*

*That mating resulted in Mirage 1414 and he has produced many good daughters for us. The best to date is 2145, by Current Commodity, featured as Lot 1! You will appreciate the overall balance of Mirage 2145, especially when you see the Direct Deposit daughter she produced — Lot 1A!*

*I flushed 2145 once (to Direct Deposit) and she froze eight embryos. She's bred back to Direct Deposit with heifer semen. You can't ever produce TOO MUCH of a really good thing!*

• Offered by Greenhorn Cattle Company, Waynesville, OH

*This extraordinary female had an unforgettable and highly decorated show career under the guidance of Kolten, and highlighted by her remarkable sweep of the 2023 National Western Stock Show, where she was crowned Grand Champion Female in both the Junior and Open Show – an achievement reserved for truly elite individuals, further underscoring the strength of this cow family. Her full sister, GCC Red Diva, captured those same prestigious titles at the National Western Stock Show the following year cementing the "Roo" influence as a dominant force within the breed.*

*Beyond Denver, Pinky continued to build an impressive resume by being 5th Overall Female at NJSS, and added a Grand Champion Shorthorn Female banner at the Ohio State Fair in both the Junior and Open Shows. Her combination of quality, balance and breed characteristics made her a fan favorite everywhere she competed.*

*The excellence has translated seamlessly into production where her first two ET calves averaged an impressive \$32,000 in our production sale validating her long term worth as a donor. Headlining the sale was GCC Evolving Pinky "Pinky Up," a \$50,000 highlight who went on to be named Reserve Grand Champion Bred & Owned at both 2025 NJSS and NAILE last fall. The Lot 2A mating to the multi-champion CF In Demand should generate breed leading females.*

## FULL SISTERS mated to CF In Demand

• Offered by Greenhorn Cattle Company, Waynesville, OH

*Open Show Judge Lydell Meier described Diva as "a unique Shorthorn female with body and mass in a sound, attractive package" before selecting her Reserve Grand Champion Female at the 2024 North American.*

*At Denver, she was Grand Champion Female in both the Junior and Open Shows (and where her full sister claimed the same honors at the same show in 2023). Red Diva The Roo was the "conversation heifer" throughout her show seasons, exhibited by Kolten Greenhorn to win 2023 NAILE Division Champion as a calf, 2024 NJSS Division Champion, and 2024 Ohio State Fair Grand Champion Junior and Open.*

*Her first calf commanded \$10,000 in our sale last fall, selected by Garrett LaCroix. Rarely does one have the opportunity to acquire genetics out of this famed cow family mated to the multiple champion CF In Demand. Look for her exciting daughters coming this fall.*

**"Diva" is simply A ONCE IN A LIFETIME BEAST!**

**You will advance to the top of the Shorthorn game with this OPPORTUNITY.**

**KSS AVIATOR'S MAX ROSA ACE 288 ET**  
Dam of Lot 3. She has 43 additional progeny registered in the ASA herdbook. She's the granddam of Lot 4.

The Aviator daughter Max Rosa Ace 288 is now gone so there won't be any more daughters of this great female. To date, she has 44 registered progeny on file with the ASA. The Evolution x Max Rosa mating has a long line of success in our breeding program. Daughters have been successful in the show ring as well as the breeding pen. This may be the last opportunity to own one of these proven Max Rosa x Evolution females. Don't let it pass you by!

Max Rosa 2504 is a powerhouse female that competely nails an elite top shape, an angular, flashy presentation, with heavy muscle and bone. She is smooth-sided, flat-topped, and still retains her style and balance. Lot 3 is sound from the ground up with tons of hair.

If you are looking for a special female that combines incredible show potential with maternal productivity, Lot 3 is the one! You'll lead her straight from the champion backdrop to your donor pen.

Lot 4's pedigree tabulates generations of excellence combined with the Max Rosa cow family, Evolution as a sire, CYT Maxim as a grandsire, Aviator as a great grandsire. This one isn't just a pretty face, she has reliable bloodlines backed by proven genetics.

Max Rosa 2536 commands attention with her angular, v-shaped design tapering from her rib into a refined clean front end. Her soft roan color adds to the package.

This granddaughter of Max Rosa Ace 288 is a full sister to Lot 1 in the 2025 Springtime Revival (see her on page 8), the second generation of our Max Rosa Ace cow family.

The sire of Max Rosa 521, Universal, is the maternal brother to Equator (see page 15) and Currency, 2022-23 Show Bull of the Year.

The Max Rosa family stands among the most prominent and influential maternal lines in the Shorthorn breed. Known for consistency, phenotype, and productivity, this lineage continues to leave its mark both in the show ring and in the pasture.

Lot 6 is entering the prime of her production years, and her impressive heifer calf is proof of the job she can do. Max Rosa 0201 is long-bodied and extended in her design, combining femininity with structural correctness and brood cow power.

Her heifer calf by Universal, Lot 6A, is bold-ribbed, sound-structured, and especially attractive through her front third. She carries herself with balance and presence, showing the kind of quality and eye appeal that makes for a very competitive future in the show ring as well as a productive role in the pasture.

**Look no FURTHER!**

**You can SEE that  
LOOK AHEAD  
DAUGHTERS  
Lots 8, 9 and 10  
are gonna be a  
GAME CHANGERS!**

*Lot 8 is a high capacity, balanced heifer that has shown tremendous growth and performance without sacrificing a bit of structural correctness. Her dam has sheer mass and length of spine, as most from the Kendra cow family do. Two maternal sisters have sold in previous Revival Sales – 2420 sold to DeLisle Farms for \$10,000 in the 2024 Fall Revival and 2429 sold to Mark Barley in the 2025 Fall Revival, both were sold as bred heifers. It's evident that Look Ahead is producing thick ones, just like Cabrera (maternal grandsire) did. Kendra 2503 should be a game changer!*

*This heifer is incredibly balanced and hits you hard from the profile with a silhouette that's hard to poke a hole in. What truly puts her ahead is how she fits together in all her parts.*

*Her dam is a Hot Commodity daughter who is 9 years old and going strong with a quality udder and structure.*

*We think Look Ahead on the top side makes this heifer a herd building anchor performing in show, pasture and pedigree. She has been very easy to work with for us.*

That's Joe's direct quote describing this Equator daughter! Equator is really impressing us with the thickness of his calves. Note that Lot 12 was raised by a first calf heifer. Her great top shape carries all the way through her hip. She is big-footed, easy-fleshing, boasts a big barrel and depth of body, yet impressively solid and smooth-sided from shoulder to flank. A petite, feminine head adds that extra WOW shot to her powerful frame. The red in her roan is very dark and unique. Tons of hair and gentle by nature.

*When he headlined the annual Durhams in the Dakotas sale in late January 2026, Outback was stated to be one of the best, if not THE best, Shorthorn bulls ever to bear the JSF prefix. With a sale price that totalled a whopping \$320,000, McKenzie Ranch and Cates Farms stepped up to garner possession, a host of progressive-minded breeders invested in semen shares, and Shadybrook Shorthorns acquired Outback's Canadian semen rights.*

*Outback's five-year-old dam, JSF Princess 15J, ranks above average for EVERY measured trait in Shorthorn genetic evaluation. She is practical in her design and very feminine, with an ideal udder. Breed history enthusiasts may recall 15J's maternal 3rd dam, K-Kim Princess 114P, who produced 21 registered offspring and was the last female Kevin Kimmerling ever sold. 114P produced JSF Compass, sire of numerous excellent daughters for the Jungels' breeding program. Princess 15J's inspired mating to Ronelle Park Slurpie, the well-known Australian phenom, resulted in a stunning and powerful beef bull ranking in the top percentiles for growth, marbling, milk and stayability EPDs. Outback's extraordinary sale price has brought on a flourish of attention for both the JSF program and the Shorthorn breed.*

## JUNGELS SHORTHORN FARM — ESTABLISHED 1953

Jungels Shorthorn Farm started in 1953 with the purchase of a registered Shorthorn heifer from the famous Hammer Shorthorn Herd of Hannaford, ND. By 1970, the herd grew to a base of 50 purebred females. In 1974, the EM DEE herd was purchased from Melvin Dronen of Finley, ND. The DEE prefixed cattle carry some influence back to the original EM DEE cows. The origin of some females dates back to 1929. In 1999 when Derek returned to the family operation and efforts commenced to expand purebred cattle marketing, all cattle began to be registered with the JSF prefix. At that time, the herd aggressively expanded and began marketing Shorthorn cattle to a more diverse customer base. Intense emphasis was placed on fleshing ability, fertility, and longevity. The cattle at JSF are raised in a ranch setting, are expected to calve on their own, flesh easily and breed back.

Today, JSF hosts the largest Shorthorn & Shorthorn-Influenced bull and female sales in the world. JSF bulls are breeding cows in 44 states, all Canadian provinces, and worldwide via AI. For the last 18 years, the farm has been designated a member of the American Shorthorn Association Century Club, and, for the last five consecutive years, JSF has registered more Shorthorn cattle than any other operation in North America. In the spring of each year they develop commercial and purebred heifers sourced from bull customers, later marketing them as bred heifers. In addition to maintaining a purebred operation, JSF feeds cattle in their 999-head feedlot, sourcing and backgrounding steer calves from customers.

Recently launched Northland Sires Inc. (NSI) is owned by Derek & Brock Jungels whose vision is to provide cattle producers across the Northern Plains with convenient, reliable, and affordable bovine semen collection and storage services.

• Offered by Miller Farms Shorthorns, Lodi, WI

Since Lassie 1075's first calving, she has proved us right with her ability to throw powerhouse bulls and showstopping females. At the 2026 Cattleman's Congress EDGE Show, her progeny earned Reserve Grand Champion EDGE Female and Grand Champion EDGE Bull. Additionally at 2026 Cattleman's Congress, two bulls in Miller Farms' Grand Champion Pen of Three Bulls were flushmate sons of 1075. This is an opportunity to add the longstanding greatness of the Waukaru Lassie line to your herd with Made to Order Embryos from Lassie 1075. You can SEE the champions she produced with Flash (note we're providing heifer semen). And you'll have fun imagining (and debating) the other four sire options we've selected for her next round of IVF!

When we saw Lassie 1075 as a bred heifer, we knew she had tremendous potential as a foundation donor for the future of Miller Farms Shorthorns, established in 1908.

Greatness runs in 1075's family. Her dam, Waukaru Lassie 2024 (pictured above), is the matriarch at Bowman Superior Genetics with over 90 progeny in the Shorthorn registry. In fact, Lassie 2024's influence extends nationwide in the U.S., as well as in Canada, Europe, and Australia.

### MILLER FARMS SHORTHORNS — ESTABLISHED 1908

Miller Farms Shorthorns was founded by Stanley Miller and managed by his daughter, Lydia Lou O'Brien, until 2022 when her nephew, Terry Quam and his family, purchased the herd. As an early pioneer in the beef industry, Stanley's Shorthorn herd can be traced back to 1908. Lydia Lou passed away September 12, 2024 at age 93. In 2025, the Lydia Lou O'Brien Miller Farms Scholarship was established through the Shorthorn Foundation by nine nieces and nephews of Lydia Lou in memory of her passion for the Shorthorn breed and her dedication to helping young Shorthorn breeders. The Quam family is proud to carry on the Shorthorn tradition founded by their grandfather and great grandfather, and perpetuated by our aunt, Lydia Lou.

The dam of Lot 18A and 18B earned numerous accolades throughout her show career, highlighted by Reserve Champion at the 2018 National Western, alongside her maternal sister, the Grand Champion. Demi 6100 is backed by more than banners – she offers impeccable feet, a beautifully constructed udder, and a proven production record.

Lot 18A has the presence and pedigree to follow in her dam's footsteps. She has a striking side profile that naturally commands attention, combining balance and style with structural correctness. She pairs that look with a quiet disposition, making her a pleasure to work with.

The Demi Full Sisters 18A and 18B combine the power and presence of MFS Dream Weaver with the maternal excellence and show ring dominance of CF CSF Demi 6100.

- Offered by Walnut Creek Cattle Company, Goodhue, MN
- Retaining the right to one flush, at seller's expense and buyer's convenience, to obtain a minimum of six transferrable embryos.

Dream Weaver has quickly become one of the most sought after bulls in the Shorthorn breed, stamping his progeny with balance, look, and structural integrity. With semen limited, daughters like this are hard to come by. The Demi cow family is known for impeccable udders, soundness, and long-term productivity.

Lot 18B is built the right way — attractive up front, bold ribbed, sound structured, and backed by a pedigree designed to hang banners and build cow families. She's a true show heifer prospect with donor potential.

**SULL RED KNIGHT**  
**Sire of Lot 21B**

- Offered by Woodrange Farm & Waymar Show Cattle
- Lots 21A and 21B embryos were produced by Trans Ova.

These matings of 1252, the own daughter of 434P-6, are ON TARGET for where we are NOW. Her embryos have sold at the top of recent Revival Sales. Her first ET calves started hitting the ground this past year and they are exciting.

Remember that the Lady Crystal family stems from the great AF Margies Dream Lady 05. With In Demand, you're buying embryos that stack the Lady Crystal line twice, and then adding another shot of Dream Lady 161 (the granddam of the dam of In Demand). Red Knight semen is getting more scarce and more expensive every day. Ty Harden will be showing an outstanding Red Knight x 1252 heifer this year. You cannot go wrong with either package!

The dam of Ahead of the Rest was the top-selling female of the 2024 Springtime Revival and was shown successfully in 2024. Her valuation of \$50k is just a glimmer of what we believe her true worth will be; 2379 will always be the maternal sister to Payweight by Solution! The proof is in her first natural calf, Lot 23.

Study this heifer embryo mating to Living Legend. See him on page 27 – Perfection x 434P and he's DSF. Think you'll agree it's a perfect match!

Featuring a package of embryos from our POWER COW purchased from Gilman's Shorthorns as the top-selling female of the 2022 Family Legacies Sale.

Secret Beauty is an excellent addition to our program. We have mated her to a variety of sires and plan to do more matings this year. A Bonanza bull or female from Secret Beauty 7K will be a top herd sire or donor dam. This is the last of her Bonanza embryos to be offered so don't let 'em pass you by! If you call me on Monday about these eggs I'm gonna say "Sorry, fresh out!"

of her most  
productive years!

Her son, GCC First Watch, topped our sale at 2025 NAILE last fall for \$88,400 and was named Calf Champion of both the North American in Louisville and National Western in Denver. See him pictured on page 38 with his full sister, Marvelous 2220, and watch for him at future shows.

# Marvelous

The Lot 29 heifer mating of Marvelous to National Champion CF In Demand combines two elite cow families of the Shorthorn breed – Dream Ladies and Margies. The iconic full sisters Margie 542 (donor of Lot 28) and Marvelous have produced nearly \$700,000 combined in sales of progeny and frozen genetics.

We are proud to have Marie Cole, Moon Creek Genetics, as our partner with Marvelous. This new mating of Marvelous to In Demand will be IN DEMAND on sale day!

Marvelous' daughters are now in production at Little Cedar Cattle Co. and are having in tremendous success. Flip to pages 38 & 39 to see 2220 and her sons Gun Smoke and Trail Boss.

EMBRYOS from  
Marvelous 2220!**

*Marvelous Margie 2220 is quite possibly the best female we have ever produced and offered in a Revival genetics package. I know that sounds like a BIG statement, but consider that her FIRST TWO NATURAL CALVES were awarded 2025 NJSS Grand Champion Bull and 2026 Cattlemen's Congress Reserve Grand Champion Bull. That's right, maternal brothers raised by 2220! New Revival customer Curtis Wiedel has put Gun Smoke to work in Nebraska. Wyatt Smith will continue campaigning Trail Boss at NJSS and beyond.*

*You can see that 2220 has hit home runs with both Lookout and Direct Deposit. The most challenging part of buying Lot 30 will be which sire to choose. You've got a heckuva lot to think about!*

**SS INFERNO 120 ET – Service Sire of Lot 31**

Lot 31 is a direct granddaughter of the matriarch of the most influential branch of the modern day Margies. The descendants of 610S have proven to be consistent, dependable, and profitable across multiple generations. They are a true testament to the strength of this cow family.

Lot 31 carries forward that same legacy and, bred to Inferno, she is poised to continue the tradition of quality and reliability. She offers a unique and thoughtfully constructed pedigree from top to bottom. The added performance influence of Byland Flash complements the strength and consistency of the Margie cow family exceptionally well.

Watch for her video on CCI.Live, Margie 245 is extremely balanced in her design, combining structural correctness with length, femininity, and overall eye appeal. Study the layers of her pedigree and you'll see her potential as a long term building block. This is the kind of female that can thrive in a variety of programs – whether focused on the show ring, seedstock production, or building a strong maternal base.

2024 Cattlemen's Congress E.D.G.E. Show  
Reserve Grand Champion**

*BFS Margie LL 950 was the crowd favorite at Louisville and Oklahoma City, and was named Reserve Grand Champion at the 2021 Cattlemen's Congress.*

*Campaigned expertly by the Wetzel family, she was Division or Reserve Division Champion, under seven different judges, at all three major shows (Kansas City, NAILE and Cattlemen's Congress) both Junior and Open Shows, as well as the National Junior Shorthorn Show.*

*This former show heifer is an even more impressive cow. She is the mother of Direct Deposit, 2024 Cattlemen's Congress Grand Champion. Her first daughter, sired by Flash, was Reserve Grand Champion Bred & Owned Heifer at the 2023 NJSS, followed by Reserve Grand Champion of the 2024 EDGE Show at OKC. Her two daughters by Payweight and Flash, pictured below, impressively swept Division II of the 2025 NJSS EDGE Show!*

Granddaughter of

*Margie 950*

*It's been two years since Direct Deposit was named "Show Bull of the Year." He is really making an impact and you'll see his progeny competing this summer. You're going to love the daughter of his full sister!*

*Margie 2590 has a striking presence that will command attention of judges at any level. I love this heifer through her wide hip and pin set, and she's dressed up in an elegant package. She's a June with the look to dominate the summer division and the pedigree to be a front pasture donor!*

**Revival Shorthorn & ShorthornPlus heifers are eligible to show at 2026 National Junior Shorthorn Show June 20-27 in Abilene, Texas**

**\* Ownership and Entry Deadline is May 1.**

Provide transfer info for juniors to Revival Sales on sale day or by April 27!  
Exhibitors must be members of American Junior Shorthorn Association to participate.

John Allen, III began showing Shorthorns at age 10 at NJSS 1984 in Louisville. He developed through the Shorthorn youth program and was elected president of the AJSA Junior Board in 1992. His three sons are now coming up in the breed and working together to carry on 66 years of Armstrong Farms. (They also, somehow, make time for competing at high levels in sports and making good grades! All credit to their mom Aly for that.) Eldest son Jay will graduate in May from Clemson University and he's currently Fundraising Director on the AJSA Junior Board. Middle son Ben stepped up a few years ago and began taking all the photos of Armstrong Farms' sale lots. The youngest, Henry, has the show bug too. That's him with the NJSS Third Overall Bred & Owned Champion banner in 2020, the last time the show was in Abilene. John stated: "We're going back to Abilene this summer because we believe in the AJSA program for its unique role in youth development. We know firsthand how much fun it can be for kids, and parents too. I encourage families to get involved and get all that's available to you through AJSA."

## Speaking of SEIZING a DAUGHTER of the GREAT

*Margie*  
RAD  
423

*Margie FS 201 is a heavily muscled, structurally correct daughter of Margie RAD. A beautiful, dark roan maternal sister to Margie 950, she is sired by the great Fire Storm which opens interesting possibilities for future matings. The many accomplishments of this branch of the Margie family display what lining-up power cows can do for you! Here's a mother/daughter team with the bred-in potential to build a new herd or "redirect" an established program!*

## Notice the influence of Margie RAD 423 on top AND bottom sides of Lot 35A!

Genetics like this are hard to find! The coveted Blooded Ruby 3278 (from the heart of the Sullivan program) mated to the PVF Angus sire that combines Style and Dameron Northern Miss – this heifer is an exciting result.

Lot 37A has all the right parts that a modern day show heifer needs to be competitive. Her long neck comes out of the highest part of her shoulder. She is absolutely tremendous through the center portion of her body with depth and turn of rib. When you get behind her, she is packed with muscle from stifle to stifle with an excellent square hip. Adding an ultra competitive showman to the end of the halter is sure to make this heifer a contender in the NJSS ShorthornPlus division in Abilene.

What an  
**EXCEPTIONAL  
BREEDING FEMALE**  
Rose Mary's Song is!

This former Sullivan  
**SALE TOPPER**  
had a stellar  
**SHOW CAREER.**

*Josh loved Rose Mary's Song when she was shown and he worked out a deal with Samantha VanVorhis and her family to flush this EXCEPTIONAL champion by Red Reward and out of the powerful Rose Mary 636-2. Red Reward daughters are some of the breed's most influential females and the Lot 39 mating of Rose Mary's Song to CF In Demand should produce some EXCEPTIONAL maternal seedstock. Thanks to Samantha for her time, talent and enthusiasm serving as AJSA President. She is an EXCEPTIONAL example of the success of our youth program!*

- Offered by Vaughn Farms, Maxwell, IA
- Retaining the right to two flushes at seller's expense and buyer's convenience.

Royal Ruby 515 is stout-featured and powerful in her build, yet remains feminine and elegant through her front third. She ties her extra mass and dimension into a sound, functional skeleton, standing square and correct at the ground. See her sire, Universal, on page 9.

Her added power, structural integrity, and exceptional docility make her an ideal candidate to make the trip to Abilene this summer. She has the presence, look, and disposition that will make her competitive in the ring and a pleasure to work with every day.

**THE KILMIHILLS — PAST, PRESENT & FUTURE**

The Kilmihill cow family arrived in the United States in 1976 and found their home at Alden Farms in 1978, where they were carefully maintained for decades, producing generations of cattle that would define the Shorthorn breed, most notably AF Deepark Kilmihill, the dam of the National Champion AF Warrior 195. Through forward-looking collaboration, the Kilmihill cow family continues its legacy at Vaughn Farms, where Adalynn, Alden, and Axton are proud to be the fourth generation of the Alden family to raise Shorthorn cattle, learning life's most valuable lessons through their participation in the AJSA. Vaughn Farms advances the breed beyond the showing by partnering with SYDF to bring Red White and Roan snacks (100% Shorthorn snack sticks and summer sausage) to customers across the United States. The AF VF prefix signifies a commitment to honor the strategic foundation laid before them while innovating for a stronger tomorrow. The Kilmihill cow family is not simply a bloodline; it is a commitment of four generations of family, purpose, and an unwavering dedication to the Shorthorn breed.

Continuing the Kilmihill tradition, she's got the LOOK and she's built to LAST!

*Kilmihill*

Kilmihill 518 is bold-ribbed, with exceptional body dimensions and flexibility in her structure. She moves with ease and correctness, tying her mass and power into a balanced, functional build.

On paper, she offers a well-balanced EPD profile, adding predictability and value to her phenotypic quality. Easy-fleshing with added look and presence, she combines practicality with eye appeal. She's the kind that catches attention in the ring and has the ability to go to work in the pasture.

- Offered by Little Cedar Cattle Company, Beaverton, MI
- Donor Dam Qualified. Sells with Lot 51A bull calf at side. Retaining one flush at seller's expense and buyer's convenience.
- Al bred to Little Cedar Look Ahead 2306 (4357473) HEIFER SEMEN on 2/24/26. (You can still IVF when you get her home!)

**\* When you see Lasting Look's FIRST CALF produced by 17L, you will agree there are MANY possibilities for mating this yellow roan Perfection daughter.**

**Some said to breed her to IGWT, but I couldn't get the VISION of Look Ahead x Perfection out of my head. Go with what you KNOW!**

**FSF PERFECTION 812**  
Sire of Lot 51

**LITTLE CEDAR LOOK AHEAD**

- Offered by Little Cedar Cattle Company, Beaverton, MI
- Sells at side of his dam, Lot 51. Al Sire Qualified.

**PERFECT LOOK** is really thick and has a lot of show ring appeal.

**He will be a very competitive ShorthornPlus BULL at the national level.**

**He could also transition into an extraordinary SHOW STEER if you so choose.**

**PERFECT OPPORTUNITY!**

# Exclusive Semen Packages

You're sure to hear "Dave" quoted many times on April 18 and they'll be referring to the late David McMahon, Sr., Belle Point Ranch founder and Angus marketer extraordinaire. One of his more famous bywords: "Don't ever let your budget stand in the way of an opportunity."

**If you ASPIRE to get ahead in the Shorthorn breed, it's time to INVEST in Exclusive AI Sire OPPORTUNITIES!**

**We want you to be successful with your Revival purchase!  
Contact Steve French if you have questions, or if we can  
help you in any way before or after the sale.**

**REVIVAL DOCUMENTATION OF TERMS** • For lots in which future fulfillment is a factor (ie. retained rights and retained percentage ownership), the Revival prepares a document that outlines the original sale terms and is retained on file in case of a dispute.

**REVIVAL EMBRYO PACKAGE TERMS** • If implanted by a certified embryologist, all embryo lots are guaranteed to produce at least one pregnancy, or one replacement embryo will be provided. Embryos must be implanted, and replacement claim made, within a calendar year from purchase date. Complete settlement must be made in order for embryos to be released. Shipping arrangements and costs are the responsibility of the buyer.

**Buyer must contact the consignor directly within 30 days of the sale to make embryo shipping arrangements. Consignors cannot be expected to store embryos for you longer than 30 days unless you have personally made arrangements with them to do so.**

**PREGNANCY INSURANCE** • The Revival strongly encourages buyers of pregnancy lots to invest in pregnancy insurance. The policy covers a live birth and the first weeks of life. For current rate of heifer pregnancy insurance contact the insurance agents listed by April 27, 2026.

**RETAINED FLUSH RIGHTS** • Sellers who have retained the right to flush a specific female are responsible for all expenses and the coordination of services (timing and location) at the buyer's convenience. It is not unusual to conduct multiple ET sessions (conventional or IVF) to achieve the minimum quantity of embryos desired.

**DNA GENOTYPING & GENETIC TESTING** • A DNA genotype is utilized in establishing parentage, determining the presence of a genetic condition, and to produce genomically enhanced EPDs (GE-EPDs). Animals do not have to be DNA genotyped, or free of a genetic condition, to be registered. However, if an animal becomes an A.I. sire or donor dam all required genetic testing must be completed and a DNA record must be on file with ASA prior to registering any progeny. Buyers are urged to consult the association website for the most up-to-date test results for all genetic conditions.

**Making a purchase in the Great Shorthorn Revival  
creates the eligibility to consign to future sales.  
Contact Steve French to discuss potential lots!**

7111 Phoenix Avenue, Fort Smith, Arkansas 72903

For other hotel options in the Fort Smith area visit: [www.fortsmith.org](http://www.fortsmith.org)

## Important "Bidness"

Terms Of Sale Are Cash, Check or Credit Card.

Credit card payments will be charged a 3.5% convenience fee. Please be prepared to pay for your purchases on sale day so we may settle this sale promptly! Cattle may not leave the premises until complete payment is made.

## Phone/Internet Bids

To register as a buyer and **bid by phone**, contact any member of the **SALE STAFF** listed on page 64.

To **bid online**, visit CCI.Live to register and log-in. Please request a buyer number 2 hours prior to the sale.

## Updates and Announcements

A catalog update will be available sale day and posted on CCI.Live. Announcements from the sale block take precedence over all printed material. Please do not hesitate to ask questions! We'll make every effort to satisfy reasonable requests.

## \* Scramble Certificates Welcome

We're pleased to work with junior buyers who have earned scramble certificates! Please let us know you're buying with a certificate and provide it to us at the sale or by e-mail.

## Livestock Health

Each animal has a state-approved health certificate for interstate shipment, which will be provided upon settlement. Buyers should make themselves aware of the health requirements for their states.

## Livestock Transportation

Consignors with trailers at the sale may be able to offer transportation to a central location or back to their farm. Call Steve French to inquire on logistics and cost.

## Risk & Care for Animals

Each animal becomes the buyer's risk "at the fall of the hammer." Little Cedar Cattle Co. and Belle Point Ranch will care for cattle for a reasonable amount of time. Please make your needs known prior to the sale and noted at the settlement desk.

## Comfort & Safety of Guests

Every effort will be made to provide for the comfort and safety of all sale guests. Little Cedar Cattle Co., Belle Point Ranch, Revival Consignors, auctioneer, sale staff and all affiliated personnel cannot be responsible for accidents.

## American Shorthorn Assn. Breeding Guarantee

Sale is held in accordance with ASA Suggested Sale Terms posted on [www.shorthorn.org](http://www.shorthorn.org). All animals are guaranteed to be breeders unless they fail to breed due to injury or disease occurring after purchase. Please be aware that animal condition greatly influences fertility. If you encounter problems, promptly contact Steve French at 989-798-8223. He will assist you in coordinating the return of the animal to the consignor for a 6-month period, as prescribed by ASA Suggested Sale Terms.
