www.CCI.live - Broadcasting Live

(405) 400-9505 schedule@cci.live

Over 35 years in livestock marketing!

TERMS AND CONDITIONS:

Embryos and Pregnancies will sell under the suggested terms and conditions of the American Angus Association. Terms can be found online at www.angus.org/pub/suggested-sale-terms.pdf

SHIPPING:

The buyer is responsible for paying the cost of shipping. All embryos will be stored at TransOva Maryland. Embryos will be released after payment is received.

EMBRYO GUARANTEE:

Biltmore will guarantee one pregnancy per three embryos if paid for within 30 days and put in by a certified embryologist within one year of purchase. While many of these embryos were made using semen reverse sorted for females, we can not guarantee sex.

EPDs contained in the hard copy of this sale book were current as of print date. Digital versions of this sale book can be viewed online at www.angus.org and will have EPDs updated every Friday with the exception of EPD references in footnotes and photos. Any PDF downloads from the website will contain EPDs current as of the date downloaded. References: American Angus Association®, AHIR®, AngusLink®, CAB®, Pathfinder®.

Heifer Pregnancy Due 9.21.26

Biltmore Lucy 148J has made a great career here at the Biltmore and we want to share more of her genetics with the cattle industry. Her daughter, Biltmore Lucy M418, was the \$230,000 highlight of our 2025 Fall Production Sale, selected by Cox Ranch in Peaster, TX and her son, Biltmore Kingdom, a full brother to Lucy M418, was the \$20,000 selection of Edisto Pines in Leesville, SC; another full sister was sold to Elm Tree Farm in Paris, KY for \$27,000. Her daughters by Winchester have also commanded great value with Lucy 182L selling for \$23,000 in 2024 and Lucy 198L bringing \$38,000 in the 2025 Sale; both also selected by Edisto Pines. In the 2023 NC Spring Fever Sale, Pollard Farms selected a heifer pregnancy by Winchester and Lucy 148J for \$13,000.

We feel like this mating to Alta Roster Member, Symmetry, is a very complementary mating to Lucy 148J. It should produce a daughter with increased growth, improved management traits and premium carcass values.

3 IVF heifer sexed embryos with a 1 pregnancy guarantee put in by a certified embryologist.

Sticking with the Lucy 148J progeny, we have two sets of heifer sexed embryos out of a full sister to the Cox Ranch \$230,000 Biltmore Lucy M418, Lucy M406. The fun part is they are sired by the exciting Grimmus sire, Wilks Achiever, who was the \$165,000 selection of Grimmus Cattle in the 2025 Fall Bull Sale at Wilks Ranch. Achiever is a long-made bull with great muscle, excellent foot quality, and moves very fluently. This is a mating that has tons of future earning potential and should create a very well-rounded animal for Production, Maternal Value, Management Traits, and Carcass Quality.

BILTMORE[®] LUCY M406

This should be an incredible mating. Look this mating up and study their value for Growth, Claw, Angle, HS, Carcass Values and Highly Valuable Indexes. K402 has been a female that has earned her keep here and continues to do so. I can only imagine how good these Achiever calves will be out of her and the genomic potential they could possess. Another pedigree that ties together highly favorable Angus females - Rita 0237, DBA Rita 1034, Pine View Rita E093, and Ruby 2357 = Cow Power!

Breakaway embryos out of the full sister to Ruby M415! She is the #6 Ranked Marbling and #4 Ranked \$C non-parent daughter of Hart Network. Breakaway complements her CED and BW and they complement each other on nearly every trait. We are excited about the future of 254M in our program and this set of embryos should produce a calf that will move the needle.

EXAR ANTICIPATION

HART NETWORK

3 IVF heifer sexed embryos with a 1 pregnancy guarantee put in by a certified embryologist.

This set of embryos is out of an exciting young upcoming donor in the Biltmore lineup. Ruby M415 is a daughter of the \$30,000 Biltmore Ruby K402 that we own in partnership with The 909 Ranch in Statesville, NC. Ruby M415 is #1 for CW, #4 for \$W, #1 for \$F, #7 for \$G, and #1 for \$B and \$C among all non-parent daughters of Hart Network. Here is your opportunity to be on the front end of her genetics in the market place. To have a daughter out of her sired by EXAR Anticipation would be a great place to be as he compliments her in every way. Just think of the cow power this pedigree possesses - RMRK Rita 0237, RSA Forever Lady 9204, Hart Whitney 9518, and 44 Ruby 2357! This is a recipe for a great female!

3 IVF embryos with a 1 pregnancy guarantee put in by a certified embryologist.

Offering three sets of embryos out of one of the Biltmore Favorites, E&B Lady Wildcat 254. She is a female who commands attention. She has a super powerful hip and rib cage with great bone and a big top. You can't miss her and you will want to go back and see her again. She was the \$34,000 half-interest selection of 4 Sons in our 2024 Production Sale. We sold a heifer pregnancy to Hart Angus by Kenny Rogers in our 2023 Production for \$12,000 and we are super excited to see what she continues to produce in our programs. These embryos by Crick could have real potential to make it into a PNG conversation once they get on the ground.

3 IVF embryos with a 1 pregnancy guarantee put in by a certified embryologist.

We are proud to own this great Identified daughter with Katie Colin Farm in Cartersville, GA. Katie Colin Farms and ourselves selected her at the 2025 4 Sons October Production Sale for \$50,000. She is out of the iconic \$400,000 valued Deer Valley Blackbird 8768 owned by 4 Sons & Circle F Farms, who has been such a prolific producer. The 5L8 donor possesses a ton of style, natural thickness, pedigree value and an EPD profile that checks a lot of boxes for Production, Maternal, and Carcass Traits.

This set of embryos by Anticipation and 5L8 offer improved value for Production Traits, Management, and End Product Value that should produce a very complete and profitable calf with outstanding pedigree value.

3 IVF embryos with a 1 pregnancy guarantee put in by a certified embryologist.

This set of Breakaway embryos by 5L8 will make full siblings to the heifer that was on her side (4 Sons Blackbird 2N54) when we purchased the pair with Katie Colin Farm. Her daughter, Blackbird 2N54, has an outstanding EPD Profile with great indexes such as top 1% \$M, 2% \$W, 2% \$F, 4% \$G, 2% \$B, and a +429 \$C. We thought that mating worked so well we would do it again and she produced enough embryos that we could offer some on this sale.

3 IVF Embryos with a 1 pregnancy guarantee put in by a certified embryologist.

These embryos are out of our \$47,500 partnership donor, Cox Rita 4585, that we own with 3/O Cattle in Nevada, MO. She is out of the over million-dollar-producing RMRK Rita 0237 who is owned by Byrd Cattle, The 909 Ranch and Bullington Cattle. This mating offers an elite pedigree full of females who have made a tremendous impact on the Angus breed. Study the pedigree and you will find Lady Denver 167-453, Pine View Rita E093, DBA Rita 1034, Blackcap Lady 84, and Rita 0237. This mating is stacked with Pedigree Power and should have an explosive set of EPDs. Rita 4585 is a very attractive female in her own right with a ton of rib capacity and hip shape. Exciting mating here.

3 IVF Heifer Sexed Embryos with a 1 pregnancy guarantee put in by a certified embryologist.

The SuperMama Family has been highly sought after across the country and we are happy to own 2554 with our good friends at The 909 Ranch in Statesville, NC. She was selected from BIG Timber for \$46,000. In the 2025 Spring BIG Timber Sale, they sold a daughter of hers by FF Rito Ambitious, BIG SuperMama AMB B438 which was the \$130,000 selection of Grimmus Cattle in Hanford, CA. She also had a bull calf on display in that sale that was the \$12,500 selection of Friendship Farms in Canoochee, GA. In the 2025 National Angus Finals sale hosted in Las Vegas, we offered a pregnancy by 4 Sons Breakaway, selected by Goforth Angus in East Bend, NC for \$22,500. SuperMama FB 6276-2554 is also a full sister to the \$105,000 Byrd Fault Free, \$300,000 valued Byrd SuperMama FB 6276-2548 owned by Katie Colin Farms, the \$110,000 valued Byrd SuperMama FB 6276-2560 owned by Bullington Cattle Co., and the \$170,000 Byrd SuperMama FB 6276-2552 owned by Circle F Farms. This set of heifer sexed embryos by Anticipation could take it to the next level. They complement each other very well for Production, Maternal, Management, and Carcass Traits for what should be an attractive calf with great pedigree value and a high-ranking EPD Profile.
