Megatron 535 is perhaps one of the most exciting sons of WC Megatron 3341 P we have seen so far. Exceptional in his phenotype, clean in his lines and bold in his design he strikes a picture perfect profile enhanced by his three dimensional shape. Supplementing his impressive look is a powerful EPD package. From a modest birth he skyrockets to a top 2% weaning and maternal, 3% yearling, 6% ribeye, 8% TSI, and 10% marbling. Herd sire potential indeed!

Bradley and Hankins have something special here! Selling your choice of their top two WC Megatron 3341 P daughters. Representing some of the first females to sell out of this elite young herdsire, 562 and 528 offer the perfect mix of phenotype, power, and numerical excellence. 562 is backed by a solid Thomas Ranch cow family and ranks top 10% for WW, 15% for Marb, and 20% for YW. Her sister is grounded by a Hebbert based pedigree and ranks top 4% for WW and YW; 8% for TSI and MARB. Whether your goal is to create elite show females or powerhouse bulls, these are the kind of females to get it done.

What an exciting offering from Big Creek Charolais! Super Puncher females are topping sales and collecting banners like they're giving them away and the ever-proven Outsider x Mustang Sally mating produced countless champions and high selling lots the last several years. Her dam is full sister to TR Josie 1957J the \$45,250 female of Hoffman's that was Third Overall at the 2022 Junior National, Reserve Champion at the National Western Stock Show and Grand Champion at Fort Worth. With a feminine front end that goes on forever, she is upheaded and attractive with the extra rib, length of body, bone, flexibility on the move, and foot structure to make the long haul. She's ready to hang banners for your showman!

THREE SEXED HEIFER IVF EMBRYOS

RF Ms Duchess 631 stands among the most impressive females to ever call the pastures of Ridder Farms home. With over 130 progeny recorded at AICA, she has established herself as a breed staple with daughters earning accolades at the American Royal, NAILE, Fort Worth Stock Show, Cattlemen's Congress, Houston Livestock Show, and AIJCA Junior National. Her influence was further recognized when she was named the #4 AICA Show Dam of the Year, highlighted by a daughter earning the 2024-25 AICA Show Female of the Year honor. Backed by maternal strength, she offers EPDs ranking in the top 4% for Milk and top 15% for Mtl. Now is your chance to add these elite genetics to your cow herd with the mating of your choice.

6A: Flushwork will be completed at TransOva in Chillicothe. Buyer will receive a minimum of six transferable embryos or two 60-day pregnancies. All embryos produced above 10 will be split evenly between buyer and seller. Seller will receive the odds and buyer the evens. Buyer pays IVF charges, semen cost and freezing and/or transfer fees on buyer's embryos. 6B: Offering 3 IVF sexed heifer embryos with a guarantee of one pregnancy if implanted by a certified technician within one calendar year.

Kayla 534 was chosen as the Consignor’s Choice Female and was a crowd favorite the day 5J Charolais selected her from an impressive set of bred heifers at the 2026 Iowa Beef Expo. Angular, feminine, big middled, and stout boned are all adjectives that can be used to describe this exciting young donor. Backed by one of the most respected cow families in the breed, Lafraise Keisha 64A, and sired by the breed changing Redemption, Kayla has all the earmarks of greatness. This is your opportunity to capitalize on Harper’s investment and jump to the front of the line as 5J offers the very first right to flush on what will become their next cornerstone donor. She calved earlier this spring with an exciting Atlas heifer calf and is ready to flush—don’t miss this opportunity.

*Option of IVF or Conventional Flush. Guarantee of 6 embryos with a cap of 12, with buyer and seller splitting the excess. Two 60 day pregnancies guaranteed if implanted by a certified embryo technician.*
