(516) 366-0734 CCI.live.schedule@cci.live

## SCHEDULE OF EVENTS

Friday, May 8  
6:00 pm Shrimp Boil and Social

Saturday, May 9  
11:30 AM Lunch  
12:30 PM Sale Begins

## TERMS & CONDITIONS

All cattle are to be settled for on sale day, PRIOR to load out. All cattle sell under the terms and conditions as recommended by the American Angus Association. MasterCard and Visa will be accepted for payment with a 4% convenience fee added to the purchase price. Pregnancies are guaranteed to be heifers. All other bred females that have been fetal sexed and so noted in the sale book, updates or announcements from the block are the opinion of a trained technician and in no way represent a guarantee by the seller.

## LOADOUT

Loadout will begin immediately after the sale and all animals must be removed by 12:00 noon on Sunday. Contact sale management if you need assistance.

## ANNOUNCEMENTS

A supplemental update sheet will be available sale day with up-to-date information, including updated pregnancy status and calf information. All supplemental information and announcements made from the sale block take precedence over printed matter in this sale book.

## LIABILITY

All persons attending the sale and related functions do so at their own risk, legal or otherwise, for their safety or the behavior of the animals. The consignors, sale management, sale facility and Texas Angus Association, assume no liability for loss or damages however so caused.

## SALE SPONSOR

G A R DILIGENT - Sire of Lot 14

Owned by 2 Bar C Cattle Company  
 2 Bar is offering a special heifer calf pregnancy that combines the \$370,000 G A R Diligent with the \$44,000 RWA Dual Force W1013, who is the only dam in the breed that is over a +2 for Ribeye EPD. The resulting heifer calf will surely be among the breed elite and ahead of the curve in the Angus Business. This exciting heifer is due October 12 in a reliable recipient dam.

- Owned by R A Brown Ranch
- This is a beautiful female that raised an outstanding bull that was a highlight in our 2026 March Sale. The US beef cow inventory is the lowest it has been in 75 years, and the need for elite calving ease genetics to breed heifers should be really strong for many years. Her top 1% Calving Ease and Marbling, combined with outstanding yearling weight in an eye-appealing package, makes this female a wise investment to help take your program to the next level. It is easier to sell what customers wants to buy, and this female has proven she can produce highly-valued offspring. 2076 is due to calve September 3 to Brown JR Headliner 8735L.

• Owned by Henefey Angus  
 • HA Fireball 528 offers a valuable combination of calving ease, marbling, and great foot scores. This female has one progeny that shows a weaning ratio of 108 and ranks in the top 5% for \$Grid, as well as top 10% for Marb and top 15% for RE. She is due to calve August 31 to Poss Vigilante 2506.

• Owned by 4W Angus  
 • Lady 4339 comes from a proven pedigree that combines the popular ABS Global sire, Dominance, with a powerfully-made Cavalry daughter from the Lady family. She sells bred, due between September 24 and November 25 to Wilks Thedford 3090.

## CONSIGNORS

# American Angus Association \$Value Indexes

**ANGUS**  
THE BUSINESS BREED

Dollar value indexes, or **\$Values**, are a tool used to select for several traits at once based on a specific breeding objective. An economic index approach takes into account genetic and economic values as well as the relationships between traits to select for profit.

**Maternal Weaned Calf Value (\$M)**, an index expressed in dollars per head, predicts profitability differences in progeny due to genetics from conception to weaning. \$M is built off of a self-replacing herd model where commercial cattlemen replace 25% of their breeding females in the first generation and 20% in subsequent generations. Remaining cull females and all male progeny are sold as feeder calves. Increased selection pressure on \$M aims to decrease overall mature cow size and improve foot structure and fertility while maintaining weaning weights consistent with today's production.

**Weaned Calf Value (\$W)**, an index expressed in dollars per head, provides the expected difference in future progeny preweaning performance from birth to weaning. \$W assumes that producers retain 20% of their female progeny for replacements and sell the rest of their cull female and male progeny as feeder calves. Over time, increased selection pressure on \$W will increase weaning and maternal milk traits while also continuing to increase mature cow size.

**Feedlot Value (\$F)**, an index expressed in dollars per head, is the expected average difference in future progeny performance for post-weaning merit compared to progeny of other sires. The underlying objective assumes commercial producers will retain ownership of cattle through the feedlot phase and sell fed cattle on a carcass weight basis with no considerations of premiums or discounts for quality and yield grade.

**Grid Value (\$G)**, an index expressed in dollars per carcass, is the expected average difference in future progeny performance for carcass grid merit, including quality and yield grade attributes, compared to progeny of other sires.

**Beef Value (\$B)**, an index expressed in dollars per carcass, facilitates simultaneous multi-trait genetic selection for feedlot and carcass merit. \$B represents the expected average differences in the progeny postweaning performance and carcass value compared to progeny of other sires. This index assumes commercial producers wean all male and female progeny, retain ownership of these animals through the feedlot phase and market these animals on a quality-based carcass grid.

**Combined Value (\$C)**, an index expressed in dollars per head, includes all traits that make up both \$M and \$B with the objective that commercial producers will replace 20% of their breeding females per year with replacement heifers retained within their own herd. The remaining cull heifer and steer progeny are then assumed to be sent to the feedlot where the producers retain ownership of those cattle and eventually sell them on a quality-based carcass merit grid.

# ANGUS *Excellence*

**Creating New Horizons**

The Texas Angus Association welcomes you to become an active member and to enjoy the benefits of the Association. The Association has developed resources for our members to help them grow and thrive in the Angus market. Please join the family of Angus enthusiasts - the largest regional group of Angus breeders in the United States!

## Membership Application

Type of Membership: New \_\_\_\_\_ Renewal \_\_\_\_\_

Life \_\_\_\_\_ Regular \_\_\_\_\_ Associate \_\_\_\_\_ Non-Resident \_\_\_\_\_ Junior \_\_\_\_\_  
((\$750) (\$50) (\$50) (\$50) (TJAA memberships are separate.)

### Membership Information:

Name: \_\_\_\_\_ Spouse Name: \_\_\_\_\_

Name of Farm/Ranch: \_\_\_\_\_ AAA Member Code: \_\_\_\_\_

Address: \_\_\_\_\_ City: \_\_\_\_\_ State: \_\_\_\_\_

Zip code: \_\_\_\_\_ Email: \_\_\_\_\_ Telephone: \_\_\_\_\_

County(ies) Ranch is located in: \_\_\_\_\_

Membership fees can be processed by cash, check or credit/debit card.

Option to pay online securely through [www.texasangus.com](http://www.texasangus.com)

## Member Benefits

**TAA Consignment Sales** - Providing opportunities to market valuable Angus genetics.

**Annual Membership Directory** - Mailed to all active members of the Texas Angus Assoc. as well as members of the American Angus Association in Texas, Louisiana, Arkansas, Oklahoma, Colorado and New Mexico.

**Texas Angus News** - Stay up to date with livestock industry trends, Angus sale dates, private treaty listings, membership news, TAA leadership updates and Board of Directors meeting minutes.

**Breed Promotion** - Sponsored livestock shows, trade shows, performance bull tests and supporting Texas Junior Angus Association events, and the Texas Angus Auxiliary.

**Annual Meeting & Banquet** - Provides an update on the Association and opportunity to mingle with Angus Advocates and meet the current Board of Directors.

**Educational Seminars** - Join us for educational events led by leading industry experts.
