Welcome,

On behalf of the Two Rivers Cattle Company, dedicated staff, and the families who work so hard to make this farm possible, we welcome you to the 2026 Two Rivers Cattle Company 3rd Annual Spring Female Sale.

At Two Rivers Cattle Company, our philosophy on cattle is simply stated: We believe in producing genetically and phenotypically desirable animals through very careful mating selections and utilizing proven AI sires to produce some of the finest animals in the Angus breed. The females, and matings, selected for this sale represent our philosophy in mating selections, phenotype, and carcass traits to produce some of the best genetic and phenotypic profiles we know how to produce. Further, we tirelessly pursue animal docility results through our animal handling philosophy and modern facilities that guarantee a low stress transition from our herd to yours. We truly believe the cattle represented for sale here today exemplify our commitment to producing the kind of results that will add predictable value to any herd.

We consider ourselves blessed and privileged to have developed relationships with many farms and producer families across this great Nation. We are especially thankful for our relationship with Rocking W Angus in Jefferson, GA. We don't know where we would be without their continued partnership, friendship, support, and advice. We are also very grateful for our partnership with FB Genetics. FB Genetics continually invests in our program which in turn is an investment in the families that are supported here at Two Rives Cattle Company. We don't have enough space here to list the names of all of the people, farms, and families that lend us prayers, helping hands, strong backs, friendship, advice, expertise, support, skilled labor, equipment, and the list goes on, but you know who you are and we are forever grateful for your belief in our cattle, our families and our program. To all of you who have invested in us, please know how much we appreciate your support and the faith you have in each of us that allows us to bring forward the Angus breed of cattle represented here today.

We are honored you have joined us this Memorial Day weekend afternoon, as we look to Memorial Day to remember those who served and made the ultimate sacrifice to protect our freedoms and our way of life in the greatest nation in the history of mankind, The Unites States of America.

Thank you for giving us the opportunity to continue our relationship with you, or to build a new and long-lasting relationship.

Sincerely,

Rusty Gravitt, and all of us at Two Rivers Cattle Company
