How to Bid Online

Tips and Tricks to Master Online Bidding

STEP 1. Use Chrome or Safari, a newer browser or download the CCI.live app at Google Play or Apple App store.

STEP 2. Open your app or go to the address of www.CCI.live in your browser. CCI.live can be used on a cell phone, tablet, laptop or desktop. Some older models may not be compatible and will show a yellow caution symbol if so.

STEP 3. Create an account and then request bidding credentials through CCI.live. Use the bank information listed on your check. Please use a correct phone and email address.

STEP 4. Once you are accepted for bidding credentials you will receive a text message and/or email notification. Proceed to "Get Buyer Number" on the actual sale page of your interest. Some sales may also require a PASSCODE to obtain a buyer number. On these auctions, you will obtain passcodes from the sale office phone number for the specific auction you are interested in. Please closely read the terms!

STEP 5. You are ready to go! Make sure you understand, once you are logged in, have a buyer number and are watching the sale that you are on a highly sensitive web page. Be careful when scrolling that you do not accidentally hit the bid button and watch children closely as they tend to grab cell phones and accidentally bid.

TIPS FOR SUCCESSFUL BIDDING

- Make sure you have good service. Bidding and driving is not recommended. You should have two - three bars on your cellular devices. At home you should have an UPLOAD speed of 2 mg or more UP. Use this site to test your internet: www.speedtest.net.

REFRESH YOUR SCREEN AT SALE TIME

If you have logged in over an hour prior to sale time, you may need to login again. DO NOT let the computer set idol and then return and try to bid, the website may have logged you out.

CCI.live does not accept payment, you will pay the sale management or the farm directly. View HELP VIDEOS at www.cci.live.

Welcome

Dear Friends,

As spring breeding gets underway, the foundation of a successful and profitable program lies in superior genetics. Again, this year we are pleased to offer genetics from the heart of our donor program that is proven on generating profit and creating successful cattle.

Take advantage of these embryos; the matings to these donors that are built right for today's market demands. We think that you can relate to the donors and families they represent, and most if not, all have created sale highlights for us and different programs.

With the 2381 lots, there will be three sets of Bullseye heifer embryos that will create a full sister to the 200k highlight at the Denim and Diamonds this past year. The 3005 lots will be very attractive as she's a flush sister to our herd sire Rhoades Swarovski 3007.

Invest with confidence and set your program up with your next donor, sale topper, herd sire, or you just want to add something new. We appreciate your time and please call with any questions!

Thanks,

Jason Fain
