SALE INFORMATION

This sale features our high-demand bulls where supply has not met the inquiries for availability. To make it a fair buying environment for our customers, we will be auctioning off the semen units on these sires listed in the following pages.

- Bidding will be PER UNIT/STRAW during the auction.
- Winning bidder will have the choice option on quantity they desire. The winning bidder can take any amount within the quantity available (unless otherwise noted).
- Purchase Price will be the winning bid amount x quantity selected. For example, if the winning bid was \$250.00 and the buyer selects five (5) units – the invoice will be for \$1,250.00 (\$250 x 5).

CCI.LIVE

HOW IT WORKS

- As a buyer, you DO NOT need to login to watch the sale but you must have a validated account to bid.

TO BID ONLINE go to www.CCI.live in your Chrome, Firefox, Safari or other modern browser:

1. Click on the sale schedule page.
 2. Click on the sale of interest.
 3. Click on Bid Online- Register and then Get Buyer Number
- After you are logged in, you must proceed to the sale page for your auction and click Bid Online - Register, then "Get Buyer Number." Some auctions require valid credit card number on file to obtain a buyer number to bid.
 - CCI.live will operate with ease on a modern cellular device, laptop, desktop or tablet.
 - A current browser is important and will always make your experience better.
 - Support line open during all sales. TEXT 405-400-9505

The Genetic Jackpot

4 Sons / Leegan Lottery Pick 506L truly lives up to his name—delivering the rare, high-impact combination of calving ease, performance, maternal excellence, and elite carcass value that feels like hitting the jackpot. Sired by PEAK Draft Pick and backed by a powerful maternal stack featuring Top Cut, Reno, Peyton, and the prolific Karama cow family, Lottery Pick blends proven pedigree strength with modern, profit-driven genetics into one of the most complete young sires to emerge from the Leegan program. Lottery Pick fires on all cylinders from the ground up. He ranks Top 15% for Calving Ease with a Top 25% Birth Weight, then delivers the kind of balanced performance cowmen demand with Top 15% Weaning and Yearling Weight. Maternal value is a defining strength, highlighted by Top 4% Heifer Pregnancy, Top 5% Calving Ease Maternal, Top 20% Teat, and Top 20% Milk, all wrapped in a structurally sound package supported by Top 10% Claw and Top 15% Foot Angle—the kind of build that keeps females productive and durable. Where Lottery Pick separates himself even further is on the carcass and value side. He ranks Top 1% for Marbling, Top 10% for Ribeye Area, and Top 15% for Carcass Weight, delivering an end-product profile built to capture premiums on the rail. This combination of strength with BALANCE carries through to attain top a Top 1% breed rank across all primary indexes. He will drive profitability across every segment of the industry.

Balanced Combination of Elite Performance and Quality Design.

WESSON is a true spread bull that offers calving-ease with a rapid growth pattern that includes top 10% breed ranks for WW, YW, and RADG with downward pressure on mature size. He also features:

- \$C: 426 (Top 1%)
- Top 2% — Carcass Weights and Ribeye
- Top 3% — Marbling and Calving-ease Maternal
- Top 5% — Claw Set, Foot Angle
- Top 15% — Calving-ease Direct

These traits also elevate WESSON into the top 10% for his \$Maternal Weaned Calf Value (\$M), and when combined with a (\$EN) in the better half of the breed, his daughters should be profitable with more quality pounds weaned and less input cost.

In the flesh, this sire excels in phenotypic balance with distinct advantages in length, structural integrity, and internal dimension. He has an attractive pattern yet still maintains the masculine look of a herd bull.

Incredible output with ideal design and function.

BIGHORN will go down as one of the true highlights of the 2026 sale season. His attraction and interest were widespread across the industry as he offers high values to multiple channels of our industry. He features:

- \$C: 384 (Top 2%)
- Unmatched growth potential with top 1% rankings for WW, YW, RADG, and Carcass Weight
- Calving-Ease with top 20% CED and a negative BW rank in the top 25%
- Strong genetics for end product merit that includes a top 10% Ribeye rank, and when combined with his growth – he ranks in the top 4% for \$Beef Index.
- Aside from his output potential, BIGHORN looks to elevate replacement quality in his daughters with:
 - Top 10% — Calving-ease Maternal and a balanced Milk value of (+32)
 - A balanced suite of EPD for the new maternal traits that include Teat (top 30%), Udder Structure (top 55%), and Functional Longevity (top 35%).
 - Top 15% — Docility

Aside from his genetic strengths, BIGHORN is a true standout due to impressive individual qualities and pedigree. He weaned off at over 800 lbs. and had an adjusted yearling weight of 1,510 lbs. With all that power and performance, BIGHORN maintains an impressive skeleton with extra base width and accurate alignment that results in a massive, easy moving, level designed individual with a herd bull look.

The available full brother in blood to Wilks Avid, but with double-digit CED. Here's a young prospect that can excel in many scenarios with balanced calving-ease, top end growth, and breed leading carcass merit. His genetic profile also favors replacement females with strong rankings across both foot and udder quality. His individual ranks include:

- \$C: 439 (Top 1%)
- Top 10% — Calving-ease Direct, Heifer Pregnancy, Teat Length, Udder Structure, Carcass Weight, Ribeye
- Top 15% — Residual ADG, Hairshed
- Top 20% — Growth, Foot Angle, Claw Shape

ACHIEVER is also a trait leader for Marbling with a [+2.09] EPD. His notable dam remains at the top of proven females in the breed for \$Combined Value and is rapid becoming one of the highest revenue generating females in the breed, not only for her inherit genetic levels – but also a high level of phenotypic power and quality in her offspring.

The Complete Outlier in Angus Genetics.

Warrior is the only bull in the Angus evaluation to combine elite rankings for \$Combined, docility, growth, foot angle, claw shape, and teat and udder structure — a true genetic standout with no compromises.

- \$C: 459 (Top 1%)
- Top 10% — Weaning Weight, Ribeye, Udder Structure
- Top 15% — Yearling Weight, Claw Shape, Foot Angle, Docility
- Top 20% — Teat Length
- Top 25% — Hairshed, RADG
- Warrior also ranks in the top 1% for 8 traits:
- Marbling
- Carcass Weight
- Six \$Value Indexes

This bull delivers next-level maternal function with industry-leading carcass traits — a rare opportunity for breeders seeking to advance both phenotype and profitability.

Absolute power with stacked maternal lines.

KEYNOTE is a true building block sire—designed to anchor a program with balance, integrity, and profit-driven performance. Backed by the proven Basin Keystone × Fair-N-Square × Blueprint combination and supported by the productive Gammer cow family, KEYNOTE traces back to the legendary Bon View Gammer 85, the dam of Bon View New Design 878 and Woodhill Foresight, further cementing the maternal depth and generational consistency behind this standout herd sire prospect.

KEYNOTE offers a balanced, real-world profile starting with Top 20% CED and a negative BW, making him an excellent option for added calving ease without sacrificing performance. He drives forward with Top 10% WW and YW and Top 25% RADG, delivering efficient, growth-oriented cattle that perform from pasture through finishing. His maternal strength is equally impressive, highlighted by Top 10% Milk, Top 10% Teat, and Top 10% Foot Angle with Top 15% Claw Set; ensuring functional, productive daughters with longevity built in. Add in elite disposition with Top 1% Docility, and you have cattle that are as manageable as they are productive.

On the carcass side, Keystone rises to the top with Top 1% REA, Top 5% CW, and strong marbling, translating into real grid value. His index profile solidifies his elite status—ranking Top 1% \$M and \$C, and Top 5% \$B, making him a true multi-purpose sire that drives profitability across every segment of the industry.

Multi-trait Excellence Free of Deficiency.

Dominion is an elite calving-ease prospect that can not only improve nearly every economically relevant trait, but he also provides a universal set of genetics with no major production weaknesses to breed around.

- \$C: 427 (Top 1%) and the #1 son of Basin Jameson in the breed
- Top 3% for \$M and top 1% for \$B
- Inside Top 3% — CED, Growth, Teat Length, Foot Angle, Carcass Weight, Marbling, Ribeye
- Top 10% — CEM, Udder Structure, Claw Shape
- Top 20% — Hairshed, Residual ADG
- Top 25% — Docility, PAP

As good as Dominion is on paper, he is equally impressive in person where he excels at the ground with tremendous foot quality and skeletal design. He is a long sided, level made, tight sheathed individual that tracks out wide and square. His dam is a massive made, high-capacity female with an impeccable udder structure and ideal teat design.

We feel this young sire has as much potential on the seedstock side as any bull in our lineup.

The next generation of cutting-edge performance.

EDGE is arguably the highest quality son on the market of the rare and valuable MG Magnitude. As the Magnitude semen has brought in excess of \$2,500/unit, EDGE semen is now readily available. Genetically, EDGE has the same level of calving-ease with a decided advantage in growth ranking in the top 10% of the breed for WW and top 5% for YW EPD. He also offers a top 15% Docility rank, top 15% Ribeye EPD, and three times the scrotal EPD at a value of (+1.09).

EDGE is backed by one of the most time-tested cow families for added performance. His dam is the flush sister to Sterling Pacific 904 and a maternal sister to Baldridge Isabel F047, dam of the \$75,000 Baldridge Jordan. The consistent traits this Isabel family passes down for internal dimension, body capacity, and fleshing ability are evident in this young sire; but he also offers the aggressive muscle expression and base width that MAGNITUDE has shown to produce. He is a true compliment of his high-quality lineage.

As industry premiums will continue to reward quality pounds, this sire is programmed to achieve those standards with a top 1% Carcass Weight value and top 3% Marbling EPD. However, as replacement females gradually become a stronger need, EDGE might be even more valuable where he sits just below breed average for frame size, offers a moderate and manageable Milk value, and features that top 15% Docility score. This well-rounded sire is right for the times; be sure to keep your EDGE.

Built the Right Way. Maternal to the Core.

Start your stamp collection and get your herd stamped with a sire designed to leave a lasting mark. SITZ Stamped 671N represents generations of disciplined, maternal-focused breeding—where functionality, fertility, and structural integrity are non-negotiable. Anchored by the Barbaramere Nell and Elsiemere cow families, his pedigree is further strengthened by his maternal granddam, SITZ Elsiemere 60G, the dam of the widely respected SITZ Essential—a testament to the kind of cow power that drives long-term success. Stamped 671N offers a balanced, no-holes profile with a CED and BW combination in the top third of the breed, flowing into Top 10% WW and YW for practical, efficient growth. His true value lies in his ability to build a better cow herd—ranking Top 1% Heifer Pregnancy, combined with elite udder design (Top 2% Teat, Top 4% Udder) and Top 4% Claw, ensuring structural soundness and longevity in his daughters. Backed by Top 1% \$M and Top 2% \$W, Stamped is built to deliver maternal profitability and efficiency, while maintaining balanced performance across the board. This is a bull that doesn't just fit a program—he leaves his mark on it. STAMPED 671N is not built for a single trait—he's built for the long haul. From pasture to replacement pen, his influence will be seen in fertile, sound, efficient daughters that hold up year after year, backed by one of the most proven maternal lines in the Sitz program.

A performance outlier built with red meat composition.

This is the initial semen release on ANOINTED, one of the more impressive bulls we saw this spring that charted incredible performance at Connealy Angus. Outside of his growth with a 108 Weaning ratio and 108 Yearling ratio, he also had a 125 IMF ratio and followed up with a 40.87 cm adjusted scrotal measurement. When combined with his genomics, ANOINTED provides a balanced EPD profile for economically relevant traits that include:

- Top 10% — Weaning Weight, PAP
- Top 15% — Yearling Weight, Carcass Weight, Marbling
- Top 20% — Claw Shape, Hairshed, Residual ADG
- Top 25% — Docility, Foot Angle, Scrotal

His advantages in PAP and Hairshed make him suitable for many environments, and he also maintains a very efficient growth pattern with a strong RADG that also features a top 35% breed rank for DMI. His resulting indexes from this EPD profile elevate to the top 5% of the breed for Maternal Weaned Calf Index, top 10% for \$Beef, and consequently a top 4% rank for \$Combined Value. The dam of ANOINTED has a Nursing Ratio of 2/105 and her first calf sold into the Alta Genetics program. She is currently in the donor pen at Connealy Angus. ANOINTED excels in length of body, stoutness, and true muscle shape down his top and through all portions of his hip and stifle. He is built for the current market signals of added performance in a dense package of red meat yield, and his suite of management traits will deliver quality replacement females.
